MFR PART NO	PRODUCT NAME	PRODUCT DESCRIPTION	UNIT OF ISSUE	COMMERCIAL LIST PRICE	GSA PRICE	COUNTRY OF ORIGIN
10004	Power Chute - Small - Black	40x40 POWER SYSTEMS BRAND. Resistance and over-speed training during the same run.	EA	\$ 47.95	\$ 28.99	Taiwan
10014	Power Chute - Medium - Black	48x48 POWER SYSTEMS BRAND. Resistance and over-speed training during the same run.	EA	\$ 52.95	\$ 32.01	Taiwan
10024	Power Chute - Large - Black	56x56 POWER SYSTEMS BRAND. Resistance and over-speed training during the same run.	EA	\$ 57.95	\$ 35.03	Taiwan
10210	Power Harness w/Standard Waist Belt	POWER SYSTEMS BRAND. Increase the rate of force production and develop maximum leg drive for improved acceleration.	EA	\$ 38.95	\$ 23.55	Taiwan
10222	The Accelerator -150lb.	Train speed, agility, balance, quickness, and explosiveness. Accelerator lets you perform drills that emphasize all the major muscle groups. Adjustable padded harness is large enough to fit over shoulder pads but adjusts small enough to fit young athletes. Available in resistance levels of 105 lbs. (beginner) or 150 lbs. (advanced). Includes harness, 10' resistance tubing, and anchor.	1 EA	185.95	\$ 159.24	USA
10224	The Accelerator -105lb.	Train speed, agility, balance, quickness, and explosiveness. Accelerator lets you perform drills that emphasize all the major muscle groups. Adjustable padded harness is large enough to fit over shoulder pads but adjusts small enough to fit young athletes. Available in resistance levels of 105 lbs. (beginner) or 150 lbs. (advanced). Includes harness, 10' resistance tubing, and anchor.	1 EA	144.95	\$ 124.13	USA
10226	Power Builder	The Power Builder is designed to add resistance and assistance during plyometric agility drills and basic jumping exercises. The simple design increases the challenge of traditional exercises and drills by making it more difficult for the athlete to complete the move while also keeping their balance.	1 EA	89.95	\$ 77.03	Mexico
10249	Additional Belt for	The Power Builder is designed to add resistance and assistance during plyometric agility drills and basic jumping exercises. The simple design increases the challenge of traditional exercises and drills by making it more difficult for the athlete to complete the move while also keeping their balance.	1 EA	37.95	\$ 32.50	USA
10290	Power Harness w/Shoulder Harness	POWER SYSTEMS BRAND. Increase the rate of force production and develop maximum leg drive for improved acceleration.	EA	\$ 47.95	\$ 28.99	Taiwan
10302	Speed Harness	Improve speed by training stride length and frequency in 2 athletes simultaneously. Stretch the Slastix tubing to the desired tension and have both athletes run in the same direction. The front athlete receives resistance training while the back athlete receives overspeed training. The fully sheathed Slastix® resistance tubing provides a smooth, consistent pull for both athletes while offering maximum safety. Swivel waist belt allows athlete to change direction of pull easily without removing belt. Shoulder harness option (designed for trailing runner) also available. Unit includes 20' of Slastix® tubing (60' maximum stretch), a pair of waist belts (each fit up to a 42" waist) or a shoulder harness and a waist belt, and carry bag. See chart for tubing recommendations.	1 EA	99.95	\$ 85.59	USA

10304	Speed Harness w/Std Belts & Heavy Tubing	<p>Improve speed by training stride length and frequency in 2 athletes simultaneously. Stretch the Stastix tubing to the desired tension and have both athletes run in the same direction. The front athlete receives resistance training while the back athlete receives overspeed training. The fully sheathed Stastix[®] resistance tubing provides a smooth, consistent pull for both athletes while offering maximum safety. Swivel waist belt allows athlete to change direction of pull easily without removing belt. Shoulder harness option (designed for trailing runner) also available.</p> <p>Unit includes 20' of Stastix[®] tubing (60' maximum stretch), a pair of waist belts (each fit up to a 42" waist) or a shoulder harness and a waist belt, and carry bag. See chart for tubing recommendations.</p>	1 EA	99.95	\$ 85.59	USA
10306	Speed Harness w/Shoulder Harness & Med Tubing	<p>Improve speed by training stride length and frequency in 2 athletes simultaneously. Stretch the Stastix tubing to the desired tension and have both athletes run in the same direction. The front athlete receives resistance training while the back athlete receives overspeed training. The fully sheathed Stastix[®] resistance tubing provides a smooth, consistent pull for both athletes while offering maximum safety. Swivel waist belt allows athlete to change direction of pull easily without removing belt. Shoulder harness option (designed for trailing runner) also available.</p> <p>Unit includes 20' of Stastix[®] tubing (60' maximum stretch), a pair of waist belts (each fit up to a 42" waist) or a shoulder harness and a waist belt, and carry bag. See chart for tubing recommendations.</p>	1 EA	102.95	\$ 88.16	USA
10308	Speed Harness w/Shoulder Harness & Heavy Tubing	<p>Improve speed by training stride length and frequency in 2 athletes simultaneously. Stretch the Stastix tubing to the desired tension and have both athletes run in the same direction. The front athlete receives resistance training while the back athlete receives overspeed training. The fully sheathed Stastix[®] resistance tubing provides a smooth, consistent pull for both athletes while offering maximum safety. Swivel waist belt allows athlete to change direction of pull easily without removing belt. Shoulder harness option (designed for trailing runner) also available.</p> <p>Unit includes 20' of Stastix[®] tubing (60' maximum stretch), a shoulder harness and a waist belt (fit up to a 42" waist), and carry bag.</p>	1 EA	102.95	\$ 88.16	USA
10995	Leapfrog	<p>Similar to the game of leap frog, the lead runner and trailing runner take turns providing assistance and resistance. Ideal for resistance running and sport-specific plyometric training.</p> <p>48" Stastix[®] tubing (12' maximum stretch) with 2 swivel belts (each fit 30" to 42" waist).</p>	1 EA	46.95	\$ 40.21	USA
11028	Roll Out Ladder	<p>Spend more time taking your performance to the next level! We have all used ladders before and spent more time fixing them, than actually working on footwork and coordination. Here is the solution! Made from high quality rubber this non-slip non-marring ladder is perfect for indoor speed and agility training. Great for teams and individuals.</p>	1 EA	78.95	\$ 67.61	USA
11029	Double Roll Out	<p>Specifically designed to accommodate groups or individuals of any level of ability. Having two side-by-side ladders to jump between, athletes are challenged to shift and widen their stance and strengthen their side-to-side movements, which translates into increased agility and reaction time on game day.</p>	1 EA	123.95	\$ 106.15	USA
11030	Travel Fit Stick	<p>The Fit Stik Body Sculpting System lets you perform the full range of training and sculpting exercises with one world-class tool. Now you can build strength, increase muscle mass, and burn fat with this portable full body gym. FitStik is durable and lightweight and quickly breaks down, making this the perfect piece of exercise equipment for traveling or home use. Designed to work with "Stastix Pro Resistance Tubes" and our standard "Versa-Tubes" (resistance tubes sold separately). Plastic.</p>	1 EA	20.95	\$ 17.94	USA

11031	Predator Sled	As its name suggests, the Predator helps fighters dominate by developing the power, speed, and stamina they need to crush their opponent. A trainer and elite fighter's dream tool, the Predator box is a push-pull sled, training station, and plyometric box all in one impressive tool. As a sled, the Predator provides up to 540 pounds of graduated pushing or pulling resistance; as a plyometric box, the Predator supplies an excellent array of interval training options; and as a training station, it features anchor points for attaching resistance training tools.	1 EA	463.95	\$ 397.32	USA
11032	Tomahawk Sack	Make your medicine ball workouts more versatile. Quickly change out the medicine ball to accommodate all clients. Blast the core, legs, shoulders and arms in rotational and torsional movements. Perfect for slamming, chopping and swinging. Fits most medicine balls from 1-to-15 pounds. Rope can quickly be adjusted to 3 different lengths to change the workout.	1 EA	68.95	\$ 59.05	USA
11033	Tomahawk Sack	Same great base design as the Tomahawk Sack, but with reinforced webbing and rubber sleeves to provide even more durability. The Tomahawk Sack Pro is built to last through the most punishing exercises.	1 EA	99.95	\$ 85.59	USA
11034	Stastix Body We	When it comes to the dozens of suspension gyms available, Stroops' Body Weight Gym outdistances itself from any competitor with the highest-quality materials, more useful features, and a wider array of applications. With the included Stastix resistance cords, you are able to perform more explosive exercises and also work on strengthening your smaller stabilizing muscles. Attaches to any overhead anchor (not included).	1 EA	154.95	\$ 132.70	USA
11035	Spine Anchor S	The vertical wall mount Spine has fixed rings every 6 inches to provide multiple heights for resistance training.	1 EA	149.95	\$ 135.97	USA
11036	Spine Anchor S	The vertical wall mount Spine has fixed rings every 6 inches to provide multiple heights for resistance training.	1 EA	169.95	\$ 154.10	USA
12000	Dual Resistance Harness	POWER SYSTEMS BRAND. This harness lets you change running positions without removing belts. No buckles or straps to undo; belts simply rest over hips. It's ideal for forward, backward, and lateral agility drills. 1-piece harness has two 3" wide waist belts connected by a 9' nylon strap. Waist belts accommodate up to 48" waists and rest securely over the hips. Black.	EA	\$ 39.95	\$ 24.15	TAIWAN
13771	The Son of the B	Take your battle rope workout to the next level with The Son of the Beast. Traditional battle ropes only allow for a single plane of force, while The Beast counters every movement, demanding muscle contractions throughout the whole body. Perfect tool for resistance training to work on rotational (which targets the core muscles) and lateral (which targets core stability) movements, reverse walking (for lower-body strength) and cardiovascular endurance. Shorter length than The Beast, but same great benefits.	1 EA	77.95	\$ 62.83	USA
13772	The Son of the B	Take your battle rope workout to the next level with The Son of the Beast. Traditional battle ropes only allow for a single plane of force, while The Beast counters every movement, demanding muscle contractions throughout the whole body. Perfect tool for resistance training to work on rotational (which targets the core muscles) and lateral (which targets core stability) movements, reverse walking (for lower-body strength) and cardiovascular endurance. Shorter length than The Beast, but same great benefits.	1 PR	154.95	\$ 124.89	USA
13773	The Son of the B	Take your battle rope workout to the next level with The Son of the Beast. Traditional battle ropes only allow for a single plane of force, while The Beast counters every movement, demanding muscle contractions throughout the whole body. Perfect tool for resistance training to work on rotational (which targets the core muscles) and lateral (which targets core stability) movements, reverse walking (for lower-body strength) and cardiovascular endurance. Shorter length than The Beast, but same great benefits.	1 EA	99.95	\$ 80.56	USA
13774	The Son of the B	Take your battle rope workout to the next level with The Son of the Beast. Traditional battle ropes only allow for a single plane of force, while The Beast counters every movement, demanding muscle contractions throughout the whole body. Perfect tool for resistance training to work on rotational (which targets the core muscles) and lateral (which targets core stability) movements, reverse walking (for lower-body strength) and cardiovascular endurance. Shorter length than The Beast, but same great benefits.	1 PR	199.95	\$ 161.16	USA

13775	The Son of the Beast	Take your battle rope workout to the next level with The Son of the Beast. Traditional battle ropes only allow for a single plane of force, while The Beast counters every movement, demanding muscle contractions throughout the whole body. Perfect tool for resistance training to work on rotational (which targets the core muscles) and lateral (which targets core stability) movements, reverse walking (for lower-body strength) and cardiovascular endurance. Shorter length than The Beast, but same great benefits.	1 EA	123.95	\$ 99.90	USA
13776	The Son of the Beast	Take your battle rope workout to the next level with The Son of the Beast. Traditional battle ropes only allow for a single plane of force, while The Beast counters every movement, demanding muscle contractions throughout the whole body. Perfect tool for resistance training to work on rotational (which targets the core muscles) and lateral (which targets core stability) movements, reverse walking (for lower-body strength) and cardiovascular endurance. Shorter length than The Beast, but same great benefits.	1 PR	247.95	\$ 212.34	USA
13777	The Son of the Beast	Take your battle rope workout to the next level with The Son of the Beast. Traditional battle ropes only allow for a single plane of force, while The Beast counters every movement, demanding muscle contractions throughout the whole body. Perfect tool for resistance training to work on rotational (which targets the core muscles) and lateral (which targets core stability) movements, reverse walking (for lower-body strength) and cardiovascular endurance. Shorter length than The Beast, but same great benefits.	1 EA	144.95	\$ 116.83	USA
13778	The Son of the Beast	Take your battle rope workout to the next level with The Son of the Beast. Traditional battle ropes only allow for a single plane of force, while The Beast counters every movement, demanding muscle contractions throughout the whole body. Perfect tool for resistance training to work on rotational (which targets the core muscles) and lateral (which targets core stability) movements, reverse walking (for lower-body strength) and cardiovascular endurance. Shorter length than The Beast, but same great benefits.	1 PR	288.95	\$ 232.89	USA
13781	The Beast Slastix	Versatile tool with numerous applications - explosive sprints and rotational movements, lateral movements,reverse walking. Lightweight, nylon sheath protects user from the dangers of heavy ropes and unprotected elastic bands. Available in four resistances: 47,77, 105 and 150 lbs. Includes one 20' resistance Slastix rope with 60' stretch.	1 EA	144.95	\$ 116.83	USA
13783	The Beast Slastix	Versatile tool with numerous applications - explosive sprints and rotational movements, lateral movements,reverse walking. Lightweight, nylon sheath protects user from the dangers of heavy ropes and unprotected elastic bands. Available in four resistances: 47,77, 105 and 150 lbs. Includes one 20' resistance Slastix rope with 60' stretch.	1 EA	195.95	\$ 157.94	USA
13785	The Beast Slastix	Versatile tool with numerous applications - explosive sprints and rotational movements, lateral movements,reverse walking. Lightweight, nylon sheath protects user from the dangers of heavy ropes and unprotected elastic bands. Available in four resistances: 47,77, 105 and 150 lbs. Includes one 20' resistance Slastix rope with 60' stretch.	1 EA	226.95	\$ 182.92	USA
13787	The Beast Slastix	Versatile tool with numerous applications - explosive sprints and rotational movements, lateral movements,reverse walking. Lightweight, nylon sheath protects user from the dangers of heavy ropes and unprotected elastic bands. Available in four resistances: 47,77, 105 and 150 lbs. Includes one 20' resistance Slastix rope with 60' stretch.	1 EA	257.95	\$ 207.91	USA
18024	TC-Timing System	The wireless device shows 3 lines of timing data (split, split interval and cumulative) in an LCD display. Stores up to 9 split intervals and 199 cumulative in its memory recall. This circuit training timer includes a handheld device with 1000 ft. range to give you the freedom to move around.Accurate to 1/100 or 1/1000th of a second. Fully automatic, hands-free usage for self-timing. Additional sensors can be set up to record split times. This high-quality exercise timer includes a "Count Mode" to record number of contacts in 30, 45, or 60 seconds. 5 selectable radio channels for multiple systems at one location. Portable for use indoors or outdoors. Made in USA. Includes timer, 2 infrared electric eyes with built-in transmitter, 2 tripods, TC Motion Start, batteries, and carry case.	1 EA	\$ 1,128.95	\$ 1,023.68	USA
18026	TC-Gate	Brower Timing System TC-Gate (photocell gates for start, split or finish). These Gates create an infrared beam that can start, split or stop the time. With the TC-System users can add up to 9 splits. Includes 1 TC-Gate A, 1 TC-Gate B, and 2 Tripods.	1 EA	\$ 464.95	\$ 421.59	USA

18030	Speed Trap I Timer	An excellent device for accurate short-distance timing—accurate to 1/100 of a second. Wired system times distances up to 50 yards. Fully automatic, hands-free usage for self-timing. Timing begins when pressure is released from starting pad. Single sensor beam stops the clock at the finish line. Portable for use indoors or outdoors. Unit includes timer, start pad, 50 yards of wire, sensor, stopwatch, tripod, battery, and carry case. 3 lbs.	1 EA	\$ 463.95	\$ 420.69	USA
18035	Extra 55 Yard Cord for Speed Trap I	Extra 55 yards of cord for the Speed Trap I Timer. 3 lbs. Speed Trap 1 sold separately.	1 EA	\$ 51.95	\$ 47.11	USA
18160	Fiberglass Measuring Tape	High-quality fiberglass tape measure provides accurate measurements in inches and centimeters; won't twist or bind like cloth tapes. Handle quickly rolls tape back into open plastic frame.	EA	\$ 24.95	\$ 18.52	Taiwan
20700	Plyo-Safe G2 Plyo Blocks Set A	Increase leg power with these durable, stable, and impact absorbing soft plyo boxes. Made with a 100% foam core, these specially designed plyo boxes have an extra large landing surface and will not break down or soften over time. The Velcro straps prevent boxes from slipping apart when stacked during use. Handles allow for quick repositioning. Sold in sets only. Set A: 1 of each- 12", 18", 24". Allow 4 weeks for shipping. 30" x 36" landing surface. 2" Velcro straps. Handles on 12", 18", and 24" boxes only. 21 oz vinyl with built-in bacterial inhibitor. Available in various colors: Black, Red, Green, Orange, Yellow, Purple, Gray, Maroon, Blue, Navy Blue	1 EA	\$ 1,539.95	\$ 1,396.35	USA
20705	Plyo-Safe G2 Plyo Blocks Set B	Increase leg power with these durable, stable, and impact absorbing soft plyo boxes. Made with a 100% foam core, these specially designed plyo boxes have an extra large landing surface and will not break down or soften over time. The Velcro straps prevent boxes from slipping apart when stacked during use. Handles allow for quick repositioning. Sold in sets only. Set B: 1 of each- 3", 6", 12", 18", 24". Allow 4 weeks for shipping. 30" x 36" landing surface. 2" Velcro straps. Handles on 12", 18", and 24" boxes only. 21 oz vinyl with built-in bacterial inhibitor. Available in various colors: Black, Red, Green, Orange, Yellow, Purple, Gray, Maroon, Blue, Navy Blue	1 EA	\$ 1,848.95	\$ 1,676.54	USA
21560	Super Bungie	Made of braided rubber, it offers superior durability and eliminates jarring movements during drills. Waist belt permits training in all directions and strong PVC handle allows coach or trainer to control resistance. Unit features 8' L x 1/2" diam. braided rubber bungee, nylon belt (fits 16" to 40" waist), and PVC handle. Bag included.	EA	\$ 124.95	\$ 108.26	USA
21572	Pro Waist Belt Cinch Strap	Attach the Pro Waist Belt Cinch Strap to the Super Bungie to create the ultimate speed tool. The waist belt permits training movements in all directions and the strong handle of the Super Bungie allows coach or trainer to control the resistance. Made in USA. Features: 4 1/2" W; Nylon with neoprene Padding; Steel D-ring; Fits up to 44" waist	EA	\$ 44.95	\$ 40.76	USA
21574	Pro Padded Harness	2" wide nylon with neoprene padding and large D-ring connector.	EA	\$ 34.95	\$ 29.93	USA
21576	Pro Ankle Cinch Strap	4 1/2" wide nylon with neoprene padding and large D-ring connector.	EA	\$ 29.95	\$ 25.65	USA
21578	Pro Thigh Cinch Strap	4 1/2" wide nylon with neoprene padding and large D-ring connector.	EA	\$ 32.95	\$ 29.88	USA
21580	Pro Bungie Handle	1" thick PVC with nylon strap and steel carabiner.	EA	\$ 18.95	\$ 16.23	USA
21582	Tie-Off Strap	The tie-off strap is an accessory used to affix the TurfCordz to a fixed object.	EA	\$ 7.95	\$ 7.21	USA
21586	TurfCordz Safety Cord Tubing 8 ft. - Light - Red	Featuring a proprietary safety cord design with a strong nylon cord spanning the length of the heavy latex tube. Available in three resistance levels.	EA	\$ 48.95	\$ 44.39	USA
21588	TurfCordz Safety Cord Tubing 8 ft. - Medium - Blue	Featuring a proprietary safety cord design with a strong nylon cord spanning the length of the heavy latex tube. Available in three resistance levels.	EA	\$ 51.95	\$ 47.11	USA
21590	TurfCordz Safety Cord Tubing 8 ft. - Heavy - Black	Featuring a proprietary safety cord design with a strong nylon cord spanning the length of the heavy latex tube. Available in three resistance levels.	EA	\$ 54.95	\$ 47.06	USA

21594	Turfcordz Bungie Cordz 6 ft. - Light	Made from high-strength, large-diameter Bungie Cord with industrial strength steel snaps. Available in three resistance levels and two lengths.	EA	\$ 51.95	\$ 44.49	USA
21596	Turfcordz Bungie Cordz 6 ft. - Medium	Made from high-strength, large-diameter Bungie Cord with industrial strength steel snaps. Available in three resistance levels and two lengths.	EA	\$ 58.95	\$ 50.48	USA
21598	Turfcordz Bungie Cordz 6 ft. - Heavy	Made from high-strength, large-diameter Bungie Cord with industrial strength steel snaps. Available in three resistance levels and two lengths.	EA	\$ 92.95	\$ 79.60	USA
21606	Turfcordz Bungie Cordz 10 ft. - Light	Made from high-strength, large-diameter Bungie Cord with industrial strength steel snaps. Available in three resistance levels and two lengths.	EA	\$ 61.95	\$ 53.05	USA
21608	Turfcordz Bungie Cordz 10 ft. - Medium	Made from high-strength, large-diameter Bungie Cord with industrial strength steel snaps. Available in three resistance levels and two lengths.	EA	\$ 77.95	\$ 66.75	USA
21610	Turfcordz Bungie Cordz 10 ft. - Heavy	Made from high-strength, large-diameter Bungie Cord with industrial strength steel snaps. Available in three resistance levels and two lengths.	EA	\$ 123.95	\$ 106.15	USA
22050	Plyo Hurdles (Set of 4)	POWER SYSTEMS BRAND. New & Improved! Posts are marked from 12" to 40" in 4" increments. New molded rubber bases offer more stability. Secure crossbar in or on top of the dual-clip. Crossbar measures 40"	SET (4)	\$ 159.95	\$ 115.01	Taiwan
22505	Wall-Mounted Vertical Jump Tester	POWER SYSTEMS BRAND. Quickly measure vertical jump and reach from 1" to 48" in 1/2" increments.	EA	\$ 139.95	\$ 84.60	Taiwan
24004	Dynamax Medicine Ball - Stinger I 4 lb.	The soft-shell construction and balanced, uniform weight of this ball make it easy to handle. It remains dimensionally stable and balanced while providing functional resistance during any fitness, sport, or rehabilitation exercise. Ideal for rotational movements, core exercises of many types and dynamic strength. Casing is sewn from 18 oz. flexible vinyl-coated polyester. Filler material provides even weight distribution and helps maintain shape. 14" diameter. Ball slamming is not recommended!	EA	\$ 72.95	\$ 58.80	USA
24006	Dynamax Medicine Ball - Stinger II 6 lb.	The soft-shell construction and balanced, uniform weight of this ball make it easy to handle. It remains dimensionally stable and balanced while providing functional resistance during any fitness, sport, or rehabilitation exercise. Ideal for rotational movements, core exercises of many types and dynamic strength. Casing is sewn from 18 oz. flexible vinyl-coated polyester. Filler material provides even weight distribution and helps maintain shape. 14" diameter. Ball slamming is not recommended!	EA	\$ 77.95	\$ 62.83	USA
24008	Dynamax Medicine Ball - Accelerator I 8 lb.	The soft-shell construction and balanced, uniform weight of this ball make it easy to handle. It remains dimensionally stable and balanced while providing functional resistance during any fitness, sport, or rehabilitation exercise. Ideal for rotational movements, core exercises of many types and dynamic strength. Casing is sewn from 18 oz. flexible vinyl-coated polyester. Filler material provides even weight distribution and helps maintain shape. 14" diameter. Ball slamming is not recommended!	EA	\$ 82.95	\$ 66.86	USA
24010	Dynamax Medicine Ball - Accelerator II 10 lb.	The soft-shell construction and balanced, uniform weight of this ball make it easy to handle. It remains dimensionally stable and balanced while providing functional resistance during any fitness, sport, or rehabilitation exercise. Ideal for rotational movements, core exercises of many types and dynamic strength. Casing is sewn from 18 oz. flexible vinyl-coated polyester. Filler material provides even weight distribution and helps maintain shape. 14" diameter. Ball slamming is not recommended!	EA	\$ 87.94	\$ 70.88	USA
24012	Dynamax Medicine Ball - Stout I 12 lb.	The soft-shell construction and balanced, uniform weight of this ball make it easy to handle. It remains dimensionally stable and balanced while providing functional resistance during any fitness, sport, or rehabilitation exercise. Ideal for rotational movements, core exercises of many types and dynamic strength. Casing is sewn from 18 oz. flexible vinyl-coated polyester. Filler material provides even weight distribution and helps maintain shape. 14" diameter. Ball slamming is not recommended!	EA	\$ 92.95	\$ 74.92	USA

24014	Dynamax Medicine Ball - Stout II 14 lb.	The soft-shell construction and balanced, uniform weight of this ball make it easy to handle. It remains dimensionally stable and balanced while providing functional resistance during any fitness, sport, or rehabilitation exercise. Ideal for rotational movements, core exercises of many types and dynamic strength. Casing is sewn from 18 oz. flexible vinyl-coated polyester. Filler material provides even weight distribution and helps maintain shape. 14" diameter. Ball slamming is not recommended!	EA	\$ 102.95	\$ 82.98	USA
24016	Dynamax Medicine Ball - Hefty I 16 lb.	The soft-shell construction and balanced, uniform weight of this ball make it easy to handle. It remains dimensionally stable and balanced while providing functional resistance during any fitness, sport, or rehabilitation exercise. Ideal for rotational movements, core exercises of many types and dynamic strength. Casing is sewn from 18 oz. flexible vinyl-coated polyester. Filler material provides even weight distribution and helps maintain shape. 14" diameter. Ball slamming is not recommended!	EA	\$ 108.95	\$ 87.81	USA
24018	Dynamax Medicine Ball - Hefty II 18 lb.	The soft-shell construction and balanced, uniform weight of this ball make it easy to handle. It remains dimensionally stable and balanced while providing functional resistance during any fitness, sport, or rehabilitation exercise. Ideal for rotational movements, core exercises of many types and dynamic strength. Casing is sewn from 18 oz. flexible vinyl-coated polyester. Filler material provides even weight distribution and helps maintain shape. 14" diameter. Ball slamming is not recommended!	EA	\$ 113.95	\$ 91.84	USA
24020	Dynamax Medicine Ball - Burly 20 lb.	The soft-shell construction and balanced, uniform weight of this ball make it easy to handle. It remains dimensionally stable and balanced while providing functional resistance during any fitness, sport, or rehabilitation exercise. Ideal for rotational movements, core exercises of many types and dynamic strength. Casing is sewn from 18 oz. flexible vinyl-coated polyester. Filler material provides even weight distribution and helps maintain shape. 14" diameter. Ball slamming is not recommended!	EA	\$ 118.95	\$ 95.87	USA
24021	Dynamax Medicine Ball - Burly II - 25 lb.	The soft-shell construction and balanced, uniform weight of this ball make it easy to handle. It remains dimensionally stable and balanced while providing functional resistance during any fitness, sport, or rehabilitation exercise. Ideal for rotational movements, core exercises of many types and dynamic strength. Casing is sewn from 18 oz. flexible vinyl-coated polyester. Filler material provides even weight distribution and helps maintain shape. 14" diameter. Ball slamming is not recommended!	EA	\$ 129.95	\$ 104.74	USA
24023	Dynamax Medicine Ball - Husky - 30 lb.	The soft-shell construction and balanced, uniform weight of this ball make it easy to handle. It remains dimensionally stable and balanced while providing functional resistance during any fitness, sport, or rehabilitation exercise. Ideal for rotational movements, core exercises of many types and dynamic strength. Casing is sewn from 18 oz. flexible vinyl-coated polyester. Filler material provides even weight distribution and helps maintain shape. 14" diameter. Ball slamming is not recommended!	EA	\$ 140.95	\$ 113.61	USA

Smaller and less cumbersome than a traditional foam roller, the Myo-Roller has a channeled, or H-shape, design to promote spinal alignment and target different pressure points during myofascial release. Textured nodules add comfort during pin-point or acute release moves for the legs, back, and arms. Heat-sealed EVA foam construction maintains shape and resists moisture and bacteria. 6" L x 6" diam. Marbled Blue.	EA	\$ 32.95	\$ 19.92	TAIWAN

91381	Body Bar Aquaf	The AquaFLEX Bar is the same as the versatile Body Bar FLEX, but redesigned for use in water fitness classes. The bar is very light-weight, flexible and buoyancy; plus its variable resistance adds to the natural resistance of the body's movement through water for a very effective workout. AquaFLEX Bars is a low-impact exercise that helps develop muscular strength and endurance, core conditioning, and dynamic flexibility, as well as being a fun and unique way to exercise in the water. Cardiovascular benefits can also be enhanced by performing the moves while moving through the water with standard water locomotor movements.	1 EA	\$ 44.95	\$ 38.49	United States
91383	Body Bar Aquaf	The AquaFLEX Bar is the same as the versatile Body Bar FLEX, but redesigned for use in water fitness classes.
